The Campus Directory indicates the correct mail code for each of the titles listed. These mail codes do not always coincide with the actual location of the addressee, but they signify the only locations to which the USF Post Office will deliver mail.

All on-campus mail must show: 1) the name of the department, organization, special program or etc., and 2) its mail code. There is no space between the prefix and the mail code. (Example: ADM271 not ADM 271). If you feel that a mail code is incorrect, please call the USF Post Office at 813-974-2606 for information.

When the physical location of an office is different from the mail code, the location of the office is shown in parenthesis. For example: (loc. ADM271). Please do not use this location in place of the mail code. Locations are noted only to help students and staff in physically locating departments.

All campus mail for Sarasota-Manatee, St. Petersburg or Polytechnic campuses MUST have the campus name spelled out on the address line (St. Petersburg must be spelled out). All campus mail for USF Health must have USF Health spelled out or have the abbreviation MDC. Mail to the Louis de la Parte Florida Mental Health Institute should say FMHI.

The University of South Florida is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award degrees at the baccalaureate, master's, specialist, and doctoral levels, including the Doctor of Medicine. Events, activities, programs and facilities of the University of South Florida are available to all without regard to race, color, marital status, gender, sexual orientation, religion, national origin, disability, age, Vietnam or disabled veteran status as provided by law and in accordance with the University's respect for personal dignity.

USF Tampa

Tampa Campus Map Key Alphabetical by Building Name

Administration Building (John & Grace Allen)	ADM	D-3	Facilities Planning & Construction	FPC	D-2	Parking & Transportation Services	C-4
