She is the right leader at the right time. The Vice Chair acknowledged that he’s in approval of President Law receiving 70% of the recommended bonus.

Chair Weatherford commented that 70% of the President’s bonus is dictated by the Board and 30% is at the Chair’s discretion.

She puts the right person in the right position and allows them to do their job. She’s outstanding at getting the best out of people. She has a great group of educators at USF. Trustee Carrere congratulated President Law on the goals that she has achieved.

Trustee Callahan commented that USF is very fortunate to have President Law in the role of President. She’s looking forward to seeing where we go in another year with these ambitious and comprehensive set of goals.

Trustee Seixas commented that she couldn’t imagine leading a university of this size. This is like running a government and a community while paying attention to the citizens’ inputs and needs and keeping a close eye internally and externally. President Law has managed to do all those things and continues to be a great leader.

Chair Weatherford commented that some of the goals put forth are not easily achievable. He considers some of them as stretch goals and some are aspirational goals. We are being bold by holding ourselves to a high standard. He commented we are finally seeing the fruits of labor that have gone on for many years.

Chair Weatherford acknowledged that we are compensating and rewarding the President for a job well done setting the standard and raising the bar. The Chair requested a motion to approve the USF President’s 2023-2024 Evaluation.

FL 122 – USF President’s Contract

Under the USF Presidential Contract, the Board is responsible for annually reviewing presidential compensation as part of the President’s annual evaluation, which is initially carried out by the Governance Committee. This initial review considers the structure and level of Presidential compensation for alignment with market data and the President’s performance.

General Counsel, Gerard Solis presented.

The item presented was previously discussed at the Governance Committee meeting. General Counsel Solis provided the data researched by HR Chief Officer Angie Sklenka, in the interest of transparency as it relates to the President’s compensation.

He provided the Central Human Resources Department of Compensation 2024 Annual Presidential Market Review to present to the Board members. He highlighted the following:

- At USF a significant portion of the President's contractual compensation is at risk. It's unique in the higher education landscape.
- Annual Review - No adjustments have been made to the President's Contract since March 2022.
- The Market Data suggests updating the base compensation of President Law's to match UCF's President Alexander Cartwright. This will also match the bonus potential which is not guaranteed.
- Deferred Compensation is key to the President's Base Compensation.
- Deferred Compensation is 100% at risk based on the President's Contract terms included in the contract.
- There was one adjustment to the Deferred Compensation. It was at 20% and it's now at 25% to account for retro activity.

Chair Weatherford thanked General Counsel Solis and Chief Human Resources Officer Angie Sklenka for their factual research as it relates to the President's contract and compensation. He then opened the floor to questions from the Board members.

Having no questions from the Board, Chair Weatherford requested a motion to approve the President's amended Contract. The motion was given by Trustee Callahan and seconded by Trustee Simmons, and the President's contract was approved.

FL 123- BOG Statement of Free Expression

Trustee Weatherford provided an overview.

At the January 2022 Board of Governors meeting, the Board approved the Civil Discourse Final Report. To promote civil discourse in the State University System, the Board of Governors, the presidents of Florida's twelve public universities, adopted a "Statement of Free Expression" in 2019. The Board's Statement of Free Expression was endorsed by the twelve state universities as a vehicle to establish, maintain, and support a full and open discourse and the robust exchange of ideas and perspectives on all university campuses. Board of Governors Chair Syd Kitson established the Board's Civil Discourse Initiative during his January 2021 "State of the System" address.

The BOG has set forth several expectations, recommendations, and best practices to the University Leadership, the University President, and Academic, Student, and Administrative Affairs to ensure compliance with section 1004.097, Florida Statutes, the Campus Free

Expression Act, including reaffirmation of the State University System Free Expression Statement.

As part of the Board of Governor's Civil Discourse Recommendations, the Board of Governors recommends that the leadership of each university board of trustees annually review and endorse the Board's Statement of Free Expression and commit to the Principles of Civil Discourse.

The USF Board of Trustees reviewed and endorsed the BOG Statement of Free Expression at the March 8, 2022, full board meeting.

Trustee Simmons questioned if there were two components to the BOG Statement of Free Expression: a statement of principles and a series of statements at the end affirming that other SUS Universities have a time and place as well as a manner of limitations. He wanted to know if we were provided with any additional context with regards to limitations.

USF General Counsel Solis commented that USF is not responsible for what other institutions do, and this Board can only be accountable for USF.

Chair Weatherford requested that the Board review and endorse the statement of free expression. He asked for a motion to approve. The motion was given by Trustee Simmons and seconded by Trustee Monbarren. Item FL 123- BOG Statement of Free Expression was approved.

FL 124 – Post Tenure Faculty Review

The Provost shared a PowerPoint - *Post Tenure Review of Faculty at USF (2023-2024)* which highlighted the following:

- USF Post Tenure Review Regulation Development Timeline
- Composition of USF Post - Tenure Review Planning Workgroup
- Operational Details for the First Year of Implementation
- Overview of Post - Tenure Review Ratings

Trustee Simmons had a question relating to the performance improvement plan, in terms of how they're structured to make a one-year time period make sense.

The Provost referred to #3 on the Overview of Post – Tenure Review Ratings. The process is not as fast in most cases. They're customized and must be looked up one by one to discuss the honor in which achieved.

Chief Internal Auditor Virginia Kalil provided an update on the results from the internal audit. A PowerPoint was presented– *Post Tenure Faculty Review*, which highlighted the following:

- Board of Governors BOG Regulation 10.003 Post Tenure Faculty Review

Chief Compliance Officer Fultz-Carver thanked everyone for their assistance and support on the Foreign Influence Annual Report.

Chair Weatherford thanked the Chief Compliance Officer for her presentation and opened the floor to questions from the Board members.

Vice Chair Griffin had comments regarding four legacy agreement contracts that were scheduled for termination in December. The Vice Chair is in full support of early termination if permitted.

Trustee Carrere asked for examples of why USF is ending these contracts and relationships.

Chair Weatherford explained that the countries on the list for termination were once viewed as our allies and places where we developed academic and professional partnerships. Now as a state and country we're moving in a different direction. We are changing our posture as a nation on how we view these relationships.

Trustee Carrere asked if there was a chance of USF getting penalized.

Trustee Simmons commented that this is relatively minor. Our biggest impact is our ability to recruit Graduate Student Researchers, as most of the talented student researchers were from China.

Chair Weatherford requested a motion to approve. The motion was given by Trustee Seixas, seconded by Trustee Simmons, and item FL 125 – Foreign Influence Annual Report was approved.

New Business – Information Items
