

Become a *Guardian* of Corporate Integrity

The Compliance, Risk Management and Anti-Money Laundering concentration within the University of South Florida Online Master of Business Administration (MBA) program presents a valuable opportunity for students interested in protecting organizations from fraud, ensuring regulatory compliance, and managing organizational risks effectively.

The concentration adopts a cutting-edge approach, integrating theoretical knowledge with real-world applications.

The program prepares students for the critical and growing fields in compliance, risk management, and anti-money laundering, including roles in regulatory compliance, risk assessment, fraud detection, and financial crime prevention.

To learn more, contact the USF Graduate Business Programs office at bsn-grad@usf.edu or 813-974-3335.
