Applied Behavior Analysis (ABA)

Are you interested in working with individuals in all walks of life to help them with behavior change that will increase their quality of life?

ABA focuses on helping individuals achieve meaningful behavior change to increase their quality of life. Our nation's current demand for skilled behavior analysis practitioners is outpacing the field's capacity for training them. USF is helping to meet that demand for practitioners by offering academic programs that lead to board certification as a behavior analyst at the masters level and at the bachelor's level and by training doctoral students to be faculty members who will teach future behavior analysts.

— ABA PROGRAM OPTIONS —

- PhD
- MS Program
- MA Online Program
- Undergraduate Minor
- Continuing Ed & RBT Training

— PROGRAM HIGHLIGHTS —

- 100% employment rate
- Students exceed pass rate average for the certification exams
- ABAI accredited MS Program
