

Stroke Research

Information about Language in Aging and Stroke Rehabilitation (LASER) Laboratory

At the LASER Laboratory, we are conducting experiments to investigate how to promote post-stroke recovery.

Eligibility Criteria

- 18 years of age or older
- History of stroke

Study Information

Your language and cognitive abilities will be evaluated. You will be asked to participate in 4 follow-up tests approximately once every 3 months. Testing includes memory and attention tests and language performance tests. Results from your assessment can be shared with you. Participants will receive \$15 in gift cards per hour attended. If participants complete all four sessions, an additional \$50 will be provided. Testing can be performed virtually or on-site.

If interested in participating, please contact us at:

Email: CBCS-LASERlab@usf.edu

Phone number: (813)974-8300
