CLINICAL EXPERIENCE

Postdoctoral Fellow in Clinical Psychology (School-Based Mental Health)

School District of Hillsborough County, Tampa, FL

Provided direct mental health services to students identified with Emotional/Behavioral Disabilities. Conducted comprehensive psychological evaluations of children in the context of their families, schools, and communities. Identified goals for therapy (i.e., improvement in special aspects of social-emotional-behavioral functioning) based on assessment data and consultation with caregivers. Designed and implemented treatment plans that entailed a combination of individual, group, and family therapy to address social-emotional-behavioral goals. Collected and analyzed outcome data to assess effectiveness of psychotherapeutic interventions in terms of children's success in meeting goals delineated on their IEPs and therapy treatment plans. Coordinated treatment with teachers, administrators, parents, and community mental health providers. Supervised services provided by eleven school psychology doctoral-level trainees in school-based mental health.

(July 2005 – July 2007, 20 hours per week; *total of 2000 supervised hours of applied clinical work fulfilled post-doctoral requirements for licensure as a psychologist in the state of Florida*).

Supervisor: Marcia Pita, Ph.D., licensed psychologist

Predoctoral Intern in Pediatric Behavioral Psychology

The Johns Hopkins School of Medicine/Kennedy Krieger Institute, Baltimore, MD

Child and Family Therapy Clinic

Provided outpatient clinical services to families of inner-city children ages 5 – 16 exhibiting severe emotional and behavioral difficulties. Conducted comprehensive evaluations of children in the context of their families, schools, and communities. Provided family therapy utilizing structural and behavioral family systems approaches and individual therapy utilizing cognitive-behavioral approaches. Parent services provided include training in behavior management and effective communication, as well as education in child development/childhood disorders. Approximately one-third of clinical experiences occurred in the school setting, and included individual therapy, consultation with teachers and administrators regarding interventions for disruptive behavior, and participation on patients' student support and IEP teams.

(July 2003 – December 2003, 40 hours per week). Supervisor: Gina Richman, Ph.D.

Behavior Management Clinic

Provided time-limited outpatient clinical services to families of inner-city children ages 2 – 7 exhibiting disruptive behavior disorders. Conducted analog behavior analyses of parent-child interactions. Provided behavioral parent training to caregivers until they demonstrated 80 percent correct usage of procedures during acquisition and maintenance phases of treatment. Consulted with daycare centers, preschools, and school programs with a focus on assessment, intervention, teacher training and/or participation in student support and IEP teams.

(January 2004 – June 2004, 40 hours per week). Supervisor: Susan Perkins-Parks, Ph.D.

Psychological Consultant, Graduate Assistantship

Pine Grove School, Elgin, SC

Provided psychological services in a residential school/treatment facility for children with Autism and low-incidence disabilities. Consulted with administrators, teachers, and behavior therapists regarding interventions for disruptive behavior (e.g., self-injurious behavior, pica, noncompliance, aggression). Conducted functional behavior assessments and facilitated meetings formulating Individual Behavior Treatment Plans (IBTP) for students; wrote approximately 50 comprehensive IBTPs addressing students' social, academic, and adaptive behavior. Observed, evaluated, and provided feedback to behavior therapists regarding the implementation of IBTPs. Provided in-service training classes in behavior modification principles to incoming staff members. Completed psychological evaluations of students with prior diagnoses of Autism, ADHD, ODD, CD, PTSD, and/or mild to profound mental disabilities. Provided individual cognitive-behavioral therapy and group therapy (e.g., social skills training). Designed and conducted quarterly parent training classes teaching behavior interventions for use with children during home visits.

(June 2000 – July 2003, 15 hours per week)
