

# RING SIZE CHART

1. Print this ring size guide at 100%
2. Pick a ring you own that fits on your little finger.
3. Place ring on the circles below to find the circle that matches the interior diameter of the ring.
4. The number on the matching circle is your ring size.

*If you don't have a ring for your little finger, measure bottom knuckle on that finger of your working hand to determine ring size.*

*Ring must be able to pass over knuckle.*

*NOTE: To be sure the circles on your printed page are true to size, measure the scale below:*

1 in

30 mm
