

Join the nation's largest city-focused startup pitch program, showcasing hundreds of cutting-edge innovations addressing top urban challenges. Don't miss this opportunity to pitch your solutions to leading city decision makers, investors, industry & military tech scouts, and government funding offices. In alignment with the U.S. Infrastructure Investment and Jobs Act (\$550 Billion), National Security Strategy, and National Defense Strategy, we are proud to deliver this 11th annual pitch program. Winners will receive a crystal award and recognition as top innovator in the Smart Cities Innovation Challenge. Submit Today!

Topics Include:

- Urban/Municipal Operations
- Urban/Municipal Infrastructure
- Smart Air/Land/Water Mobility
- Smart Energy & Grid
- Digital Transformation
- Community Engagement
- Urban/National Security Solutions
- Other Urban Resilience Solutions

Please contact the University of South Florida Technology Transfer office representative for submission - Roisin McNally at rmcnally@usf.edu.
