Sanction(s):

Suspension (Incomplete): Suspension until August 9, 2025. This means that Alpha Sigma Phi Fraternity will not be able to apply to have their membership reinstated until the fall 2025 semester. During this period of suspension, and until reinstated, Alpha Sigma Phi Fraternity is to cease and desist all chapter operations. This includes, but is not limited to, meetings, gatherings, intercollegiate competitions, intramural sports, social functions, retreats, philanthropic events, campus-related activities, recruitment, and all activities or interactions with new members.

Residence Hall Transfer/Removal (Completed): Immediate administrative relocation of all Alpha Sigma Phi Members living in the on-campus fraternity house. Members of Alpha Sigma Phi may not reside in the Greek Village. Housing and Residential Education Assignments will be in contact with each member living in the Alpha Sigma Phi Fraternity house with further instructions.

Please note, suspension or loss of recognition of a Greek organization will have implications on the Greek Village Master lease and occupancy of the house assigned to Alpha Sigma Phi members. This suspension will result in immediate loss of access to the residential building for out-of-house members/students.

Educational Program Referral (Incomplete): Completion of Incomplete Educational Sanctions

If any current members from Fall 2022 or Spring 2023 remain members at the time of re-application, Alpha Sigma Phi Fraternity must successfully finish all of the previous incomplete educational sanctions prior to Fraternity application for membership reinstatement.

Organization Deferred Suspension (12/13/2024) Incomplete

Kappa Sigma Fraternity will be on Deferred Suspension until December 13, 2024. During this period of deferred suspension, the organization is allowed to conduct chapter business. Any violation of the Student Code of Conduct while on deferred suspension could result in the immediate suspension of the organization from the University. If the organization fails to complete all sanctions by the given deadlines, the organization will be suspended immediately. If suspended, the organization would be restricted from all USF campuses, and would not be allowed to participate in any official University functions, programs, intercollegiate competitions, and other student activities.

Attend IFC Recruitment Training (Complete)

The President and Vice President of Recruitment must attend IFC Recruitment training with the Center for Student Involvement during the Fall 2024 and Spring 2025 semesters. The dates of these trainings will be determined and shared by the Center for Student Involvement. The President should obtain written documentation from Travis Crudele-Roberts, travis42@usf.edu, indicating the training was attended. This documentation should be provided to Student Conduct and Ethical Development, studentconduct@usf.edu, by September 1, 2024, and February 1, 2025.

CampusDirector Access Given to Advisor (Complete)

The President must provide CampusDirector access to the Chapter Advisor. This will enable the advisor to see eligible and ineligible members for recruitment. The President should work with Travis CrudeleRoberts, travis42@usf.edu, in the Center for Student Involvement to understand and navigate the platform. The Advisor must be given access to the platform and a screenshot of the platform confirming the addition of the advisor should be sent to Student Conduct and Ethical Development, studentconduct@usf.edu, by September 1 (updated after appeal), 2024. Additionally, the chapter advisor must approve all bid extensions before being issued.

Meeting with Staff Member (Fall Meeting Complete)

The President and Vice President of Recruitment must meet with Travis Crudele-Roberts, travis42@usf.edu, in the Center for Student Involvement to review recruitment policies and procedures during the Fall 2024 and Spring 2025 semesters. The fall meeting should be completed by August 30, 2024, and the Spring meeting should be completed by January 22, 2025. The President

should obtain written documentation from Travis indicating this sanction has been met each semester. The documentation should be sent to Student Conduct and Ethical Development, studentconduct@usf.edu.

Bylaw Review (Incomplete)

The chapter must review and revise the scholarship section of its bylaws focusing on a plan of how the chapter is going to support members in their academic endeavors. The bylaws should address individual support for struggling members, sanctions, minimum GPA standards for new members, general members, and officers, incentive programs, goals for the future, and how to connect members with on-campus resources. The GPA requirements must align with and comply with the University of South Florida's Center for Student Involvement policies. The updated bylaws must be reviewed and approved by Melissa Graham, melissan1@usf.edu, and Travis Crudele-Roberts, travis42@usf.edu, by August 30, 2024, before this sanction is considered complete. The "rehabilitation program" implemented by Kappa Sigma must cease immediately and not continue into future semesters. All new members recruited in the Fall 2024 semester must be USF undergraduate students with a minimum 2.75 GPA.

Roster Verification (Incomplete)

The President of Kappa Sigma must work with the organization's headquarters to provide Travis Crudele Roberts, travis42@usf.edu, with an accurate roster that includes new members by September 18, 2024.

Membership Review (Incomplete)

The chapter will work with its National Headquarters and Advisory board to undergo a membership review, before the end of the Fall 2024 semester. The membership review should be used to evaluate the chapter's members and realign the chapter's undergraduate members' commitment to the values and policies of Kappa Sigma. The chapter must submit a summary of the review to Travis Crudele-Roberts, travis42@usf.edu, and Melissa Graham, melissan1@usf.edu by November 1, 2024.

Advisor in Attendance at All Socials and New Member Meetings and Activities

While the chapter is on deferred suspension at least one member of the advisory board or an approved alumnus, who has not been an alumnus of this chapter within the past 5 years, must attend all social activities and new member meetings and activities. The Center for Student Involvement must be notified of the advisor who will be attending each event.

Charge(s):

USF Student Code of Conduct/Hazing/Hazing 1

USF Student Code of Conduct/Student Organization Misconduct

Sanction(s):

Conduct Probation (Completed): Conduct probation until December 9, 2022. During the period of conduct probation, the student organization is considered not in good conduct standing with the University. Conduct probation may result in restrictions of privileges and/or activities which may include, but are not limited to, being prohibited from hosting/co-hosting/attending any programs, functions, socials, or events with other student organizations (including fraternities and sororities), utilizing any services/resources offered to student organizations through any University office/department (e.g. Intramurals, Center for Student Involvement, Center for Leadership and Civic Engagement, Fraternity and Sorority Life, Events and Meeting Services), participating in or holding leadership positions in your governing council. Conduct probation is a period of reflection on behavior and an opportunity to demonstrate satisfactory citizenship. Further conduct violations while on conduct probation may impact the severity of future sanctions.

Educational Program Referral (Completed): The chapter will undergo a membership review (MEMREV), before the end of the Fall 2022 semester, to evaluate and realign, if needed, undergraduate members' commitment to the values and policies of Sigma Chi. A group of alumni leaders selected by Sigma Chi's Chapter and Member Accountability Committee will conduct individual interviews with every undergraduate member over two days. These interviews are utilized to promote individual thought, discussion, and access to the values of the undergraduates.

Educational Program Referral (Completed): The chapter will participate in the following educational program by the end of the Fall 2022 semester. Values-Based Decision Making (VBDM): VBDM addresses accountability and the challenging issues on our college campuses today from a positive behavioral approach. It explores these topics to inspire change through positive reinforcement of brotherhood, healthy relationships, and Fraternity values. The core curriculum (pre-learning, in-person, and post-learning) invites undergraduate brothers to live more authentically by holding themselves and others accountable to the seven values of Sigma Chi. A trained alumnus facilitator will work with the undergraduate chapter to schedule a time and place for the workshop.

Educational Program Referral (Completed): The chapter will participate in the following educational program by the end of the Fall 2022 semester. Values-Based Decision Making (True Brotherhood): A trained Sigma Chi workshop facilitator will work with the chapter to identify the characteristics of true brotherhood, evaluate the power of belonging and vulnerability, and identify reasons why hazing impedes Sigma Chi brotherhood.

2 Year Modified Suspension (Incomplete): Modified Suspension until August 1, 2025.

Modifications to the Suspension Listed Below as of July 10, 2024, after Progress Review by the Dean of Students

The organization will be allowed the following activities:

1. Participate in Fall recruitment and new member education process. These events must follow IFC procedures and be held at locations that do not serve alcohol.
2. Host events limited to two Philanthropy events/ and two Chapter fundraisers which must be alcohol free – these events and fundraisers must be registered following the social event policy process even though they will be alcohol free and not social events.
3. Host brotherhood events - limited to four events, advisors must be present, and the events must be alcohol free – these events must be registered following the social event policy process even though they will be alcohol free and not social events.
4. Host alumni events- limited to two events, where only alumni will be allowed to consume alcohol, these events must also be registered following the FSL social event policy processes.
5. Host mixers - limited to two mixers, the first of which must be alcohol-free in order to demonstrate you can follow the policies and processes; both must be held in the Tampa Bay area, advisors must be present, and the events must follow FSL policies for hosting social events even the one that is alcohol-free.

6. Participation in only 1 Panhellenic chapter philanthropy event that must be alcohol free.
7. Required to complete 10 hours of community service per member – I encourage you to use these as brotherhood events.

The following restrictions or requirements remain:

1. Members cannot run for or hold office in IFC
2. Meet with Travis Crudele-Roberts by the third week of classes to review your plans and the requirements to successfully implement those plans.
3. Continue to focus on raising the GPA of this chapter. I would like to see the chapter and initiated member Fall semester GPA at or above a 3.0.

Modifications to the Suspension Listed Below as of December 19, 2023, after Progress Review by the Dean of Students

1. Chapter meetings may be held but must include an advisor.
2. Participation in Spring recruitment and new member education process. These events must follow IFC procedures and be held at locations that do not serve alcohol. All events must include an advisor.
3. Hosting events limited to one Philanthropy event and two Chapter fundraisers - these events and fundraisers must be registered following the social event policy process even though they will be alcohol free and not social events.
4. Required to complete 10 hours of community service per member - I encourage you to use these as brotherhood events.
5. Approved Brotherhood Events, including USF Basketball and Baseball Games and Big Brother Alumni Event

Original Modified Suspension

1. The chapter may only function to implement the Plan of Action as currently drafted with a few modifications. This means that the chapter is not allowed to recruit, participate in events as a chapter, host social events, participate in or host philanthropy events, etc. All meetings must include an advisor. This is to give the headquarters and advisors the opportunity to implement the plan that they believe will reform this organization.
2. During this time, no member may serve on leadership of IFC.
3. Chapter members can live in the house (Building GVI) with the following caveats: In the first semester of residing in the house, headquarters will work with the House Corp to identify an adult, who is not an alum of this chapter for the past 5 years, to reside in the house and oversee risk management for the chapter and house before anyone can move in. FSL and SCED must approve this individual. Sigma Nu is responsible for any stipend or salary and any other costs associated with this staffing. This is in addition to the CM student position. In addition, only individuals on the chapter roster, House Corp members, and advisors and other university personnel as needed, may have access to the chapter house or chapter room (GKI and GVI). There will be no visitation during the first semester of residential living. If the master lease is retained, but no chapter members are living in the house, then access is restricted to the chapter room (GKI) and can only be used for meetings and study groups with an advisor present.
4. House (GVI) will be alcohol free including individual rooms, outdoor spaces, and chapter room (GKI) during the next 2 years.
5. Monthly meetings with the Chapter President, SCED, and FSL together with progress updates.

6. Implement the National organization's Plan of Action with a few additions:
 1. A plan for improving the scholarship of the chapter and especially new members will need to be added to the POA including a minimum GPA requirement for new membership and continued active membership.
 2. Consult with SCED and FSL in the membership review and share the results of membership review with SCED and FSL.
 3. Individual member statements of purpose and how they as individuals are going to support the organization need to be included in the membership review.
7. Complete all outstanding SCED sanctions with updated dates.
8. Meet all financial obligations to the university.
