NOTE: SHWC has an on-site laboratory providing in-house, point of care testing as well as specimen collection for sending out to an outside laboratory (LabCorp or Quest). If LabCorp or Quest performs the test, they will bill the insurance (if any) on file at the time of service. We encourage you to check with your plan to confirm their participation with either Quest or LabCorp. It is your responsibility to know what your insurance policy covers. If you accrue a charge that is not covered by your plan, you will receive a bill from the Lab.

This list is for clinical services at the SHWC only. Clinical services include: medical, psychiatry, and neuropsychology (ADD, ADHD, & testing for learning disabilities). International Students who need insurance as a condition of enrollment please visit the [International Student Insurance](#) page.
