Examples on how to determine if you have active SI Hold
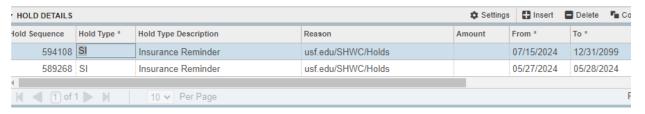

Newly admitted students:

1st SI hold record will have a "FROM" date based on the admission date and a "To" date of 12/31/2099

Temporary release of SI Hold

There are 2 SI hold records. The initial record has a "From" date that corresponds to the date an insurance agreement was submitted. The 2nd record has a "From" date of when the hold will become active again unless the student has taken action to comply.

In the case below, the student is able to register from 5/28/24 until 7/14/24.

Hold Sequence	Hold Type *	Hold Type Description	Reason	Amount	From *	To *
594108	SI	Insurance Reminder	usf.edu/SHWC/Holds		07/15/2024	12/31/2099
589268	SI	Insurance Reminder	usf.edu/SHWC/Holds		05/27/2024	05/28/2024

Continuing/returning students:

You will see multiple SI hold records and you will be able to determine if you are able to register by identifying date gaps from one SI Hold record to the most current SI hold record (like the example above) **OR** if the "To" date of the latest record has a date in the past.
