TOTAL CREDITS FOR A.A./B.S. BIOLOGY DEGREE: 120

^{*}These classes may have prerequisites that must be taken before. Check with your Academic Advisor.

The following is additional information for the Marine Biology major:

- · If all pre-requisite courses outlined in the first two years are not completed before transferring to USF students may not meet admissions criteria to be eligible for admission in the major. Courses to meet admissions criteria listed with + in first two years.
- Biology is available on all USF campuses.
- There are 4 optional concentrations, of which one can be selected: Animal Biology, Ecology and Evolution, Medical Biology, or Plant Biology
- Students who accumulate 3 D and/or F grades in applicable USF science and math coursework for their major will be required to change their major to a major more appropriate to their goals and academic performance, and to a major that is not conferred by the Department of Chemistry, Department of Integrative Biology, Department of Molecular Biosciences, or Department of Physics. Grade Forgiveness will NOT apply to the mandated requirement of changing majors. If a student is in violation of the D/F policy, regardless of major, they will no longer be able to take any courses offered by the Department of Chemistry, Department of Integrative Biology, Department of Molecular Biosciences, or Department of Physics.
- · Major GPA of 2.0 required for graduation.
- Foreign language entrance requirement (FLENT)- must come in with 2 years of consecutive language from high school or 2 semesters of language taken with AA or a language will need to be added to the above plan.
